

Commissioners' Directory

Introducing the Commissioners' Directory

SCVO are working closely with Sandwell MBC to help Sandwell's Voluntary and Community Sector (VCS) adjust to the requirements of the new Third Sector Funding Strategy. By creating the Commissioners Directory we aim to improve information about who is responsible for commissioning services to the VCS.

By using the directory we hope you will gain a better understanding of how commissioning takes place across the Council and how you can best market your services. We hope the information contained within the Directory will help you identify relevant officers with whom you can discuss the need for services, highlight gaps in service provision and the potential for your organisation to deliver them (alone or collaboratively with others).

Commissioners will also benefit from the directory by improving their knowledge of the VCS market and exploring creative ways of delivery services.

SCVO welcomes your views on the Directory and how helpful it is to you. To discuss any aspects of the Directory, including any errors or omissions, please contact Martin Drayton, Collaborative Projects Officer, tel: 0121 525 1127 or email: martind@scvo.info

The Directory will be updated on a regular basis.
